Response to Arguments

1. Applicant's arguments, filed 9/14/04, with respect to claims 1-3,6,8-19, and 22-30 have been fully considered and are persuasive. The rejection of claims 1-3,6,8-19, and 22-30 has been withdrawn.

Allowable Subject Matter

2. Claims 1-3,6,8-19, and 22-30 are allowed.

3. The following is an examiner's statement of reasons for allowance: Regarding claims 1,17, and 29 none of the prior art discloses a method for detecting defects in a material comprising selecting an intensity line profile from the intensity profile and counting a number of defect intensity pixels from the intensity line profile. As stated by the Applicants, the closest prior art of Jun et al. USPN 6,366,688 and Fujita USPN 6,535,621 fail to disclose this limitation. Thus claims 1,17, and 29 are allowable over the prior art. Claims 2-3, 6, and 8-16, 18-19, 22-28, and 30 are dependent claims and thus allowable for the same reasons as the subsequent independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
